When culture collides with nature, a wonderful equilibrium can flourish. Here's where the urban naturalism movement began.

BECAUSE THE IDEAL LINE BETWEEN
CITY AND SANCTUARY IS A WINDOW.

CHAPUNGU

SCULPTURE PARK

Do you Chapungu?

The real showcase within the Centerra community is the one-of-a-kind Chapungu Sculpture Park. Nestled in the foothills of the Rocky Mountains, this 26-acre outdoor cultural experience features more than 80 authentic stone sculptures carved by artisans from Zimbabwe displayed amongst beautiful natural and landscaped gardens.

The entire walking park orients visitors to eight universal themes, which include Nature and the Environment, Village Life, The Role of Women, The Elders, The Spirit World, The Family, The Children, and Custom & Legend. Whether you are an art enthusiast or not, this serenity spot is worth checking out. Concrete and crushed rock used from the makings of the sculptures refine trails and lead you along the Greeley and Loveland Irrigation Canal and over bridges. Soak in the sounds of the birds perched high above in the cottonwood trees while resting on a park bench with a novel or newspaper in hand. Participate in a series of music concerts, guided tours, sculpture workshops, wine tasting and fund-raiser events each year.

Chapungu Sculpture Park is conveniently located just east of the Promenade Shops at Centerra located off Hwy. 34 and Centerra Parkway in Loveland. Open year round and within walking distance to retail shopping, fine dining and nearby affordable lodging accommodations.
